Donegals – Irish Dance Berlin

are a show dance group with thunderous feet, seized by the passion of Irish Dancing, and willing to share their enthusiasm with all those interested in Irish Dance!

We were able to develop an interesting show program, which we are happy to present at events, Folk festivals and other celebrations. We present traditional elements of Irish Dance as well as modern taps, inspired by successful shows like Riverdance and Lord of the Dance, united in impressive soft shoe and powerful tap dances.

We have named ourselves after County Donegal, in the wonderful northwest coast of Ireland. By adding the letter “s” to it, we became the *gals (girls)* – the *Donegals*.

With our performances, from solo acts up to 30 min dance shows, we make of your event a special experience.

We also gladly perform with Irish folk bands, such as the Band Ballinatrillick, and offer audience entertainment in the shape of simple *join-in* dances for enthusiastic guests.

Could we spark your interest? So visit our website at www.donegals-berlin.de. There you will find further information.

Sláinte and dance greetings! Slán go fóill!
